The \$3,000,000 deducted from this total is the Comptroller's estimate of the amount of unexpended balances which are carried back into the general fund of the treasury, and are available to satisfy the appropriations. The increase in the amount raised by tax this year over the amount raised in 1892 is \$1,562,040,40, which is represented mainly in an increased State tax of \$1,150,000.

WISHING MAYOR GRANT FAREWELL. Resolutions of the Board of Estimate-A

Mayor Grant was particularly happy resterday at the prospect of carry release from official cares and responsibilities. He entered his office in the City Hall, wearing a pleasant his office in the City Hall, wearing a pleasant smile, to be greeted by the sight of a big floral horseshoe, with the inscription "Good Luck," to which was attached a card with the word "Gratitude." He beamed on the members of the Board of Estimate and Apportionment, who had met with him to fix the budget fer the year 1863, shook hands with his successor, who was present to get pointers on the workings of the Board over which he will preside for the next two years, told how slad he was to rotire to the quiet of private life, and wished Mr. Girroy every success in his administration.

when the Board of Estimats completed its habors for the year and was ready to put the seal on its action by approving the minutes of its final meeting. President Barker of the De-partment of Taxes and Assassments pre-sented the following minute for entry on the records of the Beard:

records of the Board:
Inasmuch as the official relations of the Hen, Hugh.7,
Grant, Mayer, and the Hen, John H. V. Arnold, Fresident of the Board of Alderman, as members of the
leard of Estimate and Apportionment, will cease with
this date, the Comptroller and the Fresident of the
papertment of Taxes and Assessments desire to make
a record of their deep sense of appreciation of the vallable services rendered by Mayor Grant and Fresident
Arnold in the discharge of the responsibilities and
intricate duties develving upon them as members of
this Board, as evinced by their earnest endeavors to
grounds economy and efficiency throughout the city
Gevernment, and, as colleagues, tender them the kindest appreciation of pleasant associations and assurances of personal regard.

"Before putting this motion," and Comp-

Government, and, as collesques, tender them the kindact appreciation of pleasant associations and assorances of personal regard.

"Before putting this motion," said Comptroiler Myers, "I desire to express the deep
sease of sorrow I feel at severing my official
relations with you both. The services you
have rendered to the city have been very efficient and valuable, and I think that a debt of
gratitude is due to you, not only from the city
of New York, but from ourselves, who have
been associated with you.

"I wish to express my hearty approval of
the resolutions so far as they apply to Mr.
Arnold." said the Mayor, "and give them my
hearty concurrence: and I wish on my own behalf to thank you cordially for your very kind
expressions. I wish also to congratulate the
city of New York upon having in its service
two such efficient and faithful officers as mempers of this Board as you are. I congratulate
kfr. Gilroy upon having two such colleagues,
whe will undoubtedly be of as much assistance to him as they have been to me. To you
both I owe a debt of gratitude, and not less to
Mr. Arnold, who has been extremely kind in
every way."

President Arnold then said: "I think we all
unite in the encountums expressed with regard
to his Honor Mayor Grant. We have all been
witnesses of his untiring devotion during
these four years of his official life, and have
admired the intelligence with which he has
performed his duties, and he has had our
sympathy in his labors for the welfare of the
people of this city, in exceeding the laws, and is
according desirable legislation. I shall always
remember with great pleasure the friendship
that has been formed between myself and the
other members of this Beard. Gentlemen. I
thank you."

The minute was adopted, and the Board of
Lestimate and Apportionment of 1852 adjourned sine die.

When the hour of noon had arrived and the
Saturday half holiday had begun the entire
staff of the Mayor's office assembled in his
private office with Excise Commissioner
Leioester Holme, a fo

the Mayor, and Mayor Grant was invited by Private Secretary Holly to have a parting word with them.

Posting himself near a nedestal on which was something covered by a silken banner. Mr. Holly proceeded to tell the Mayor of the loving esteem in which he was held by the mambers of his staff.

At the conclusion of his speech Mr. Holly lifted the banner and revealed a bust in bronze of the Mayor, for which he had been unconsciously sitting to Miss kulnes Beveridge. Miss Beveridge had paid a casual visit to the Mayor's office to study Mayor Grant's facial peculiarities, and sheafterward received much assistance as te the arrangement of hair and beard from M. Henri Poujol, who has for years trimmed the Mayor's beard and singed his hair. The completed bust is a very good likeness of Mr. Grant. The Mayor was overcome by this gift from the "boys." and found it difficult to express his thanks for their remembrance.

ieult to express his thanks for their remembrance.

Regarding Mayer Grant's intentions after he ceases to be the city's chief executive to-day, he said: "I have four or five fiattering business offers under consideration, or, rather, will consider them as soon as I leave office. I shall probably accept the one which seems to offer the greatest pecusiary advantage as a legitimate business enterprise.

It has been said that the flavor is interested as a partner with Michael Wineburgh of "Iti West 122d street, to whom has been awarded the advertising privilege on the Broadway finitway syndicate's roads. The Mayor would not confirm this statement yesterday, zor would he say that this was one of the business opportunities offered him. Mr. Wineburgh, it is reported, will pay \$40,000 a year for the privilege he has secured.
